

Business Safety Mentoring Agreement

This agreement aims to set expectations for your Monthly Mentoring Subscription. Full contractual terms and conditions are online at marksafety.co.uk or made available on written request. If unsure, please ask.

Marksafety are a mentoring resource this means we provide business or personal support and development through information and assistance based on our experience and knowledge. Marksafety cannot make any guarantees qualitative or quantitative as any success or failure will be owned by the mentee. The business will always remain ultimately responsible for Health & Safety compliance, management and implementation.

Mentorship subscription runs from the 1st of each month, invoiced monthly and payable monthly by direct debit or standing order. 1 Months written notice is required from either party to terminate or change subscriptions. Any additional mentoring, travel or costs in addition to basic subscription and included consultations will be chargeable as required. Scheduled consultations must be canceled/rearranged at least 24hrs prior to agreed appointment to avoid being charged the full consultation fee. Prepaid consultations not scheduled will be retained (while subscription maintained) for later mentoring.

Mentoring will be provided through consultations scheduled by the business. Mentoring takes many forms including assistance, advice, coaching and training. Consultation duration and location will be dependant on mentees situation and needs at the time. Mentoring is collaborative and will most of the time require your input, time and implementation. We can do it with you but not for you.

Basic Business Health & Safety Mentoring support package includes;

- PDF subscription certificate confirming Marksafety Limited as appointed Businesses Safety Mentor.
- Day to day advice & guidance from mentor via internet, email or telephone (fair use policy applies).
- One hour consultation will be offered in the event of a claim, reportable incident or enforcement action.
- Shared documents and document templates through online links or website (Monthly monitoring).
- A one hour safety management review consultation after 12 months continuous subscription.
- Access to additional assistance/mentoring consultations or training on request, subject to availability.

I wish to subscribe to Marksafety as our Business Safety Mentor and accept full terms & conditions. I understand what mentees choose to do, learn or ignore from mentoring is the mentees decision.
